In the Matter of:

THE PROPOSED TARIFF REVISION OF)
COLUMBIA GAS OF KENTUCKY, INC.) CASE NO. 8964

O R D E R

IT IS ORDERED that Columbia Gas of Kentucky, Inc., ("Columbia") shall file an original and seven copies of the following information with the Commission within 10 days from the date of this Order. If the information requested or a motion for an extension of time is not filed by the stated date, the Commission may dismiss the case without prejudice.

(1) Provide sample computation and explanation of how the proposed interest on over and under recoveries would be calculated.

(2) How is the interest rate, used in (1) above, determined?

(3) In computing the monthly over and under recoveries, there should be a proper match of gas sales and purchases. Is the cost of gas purchased per books the booked cost of gas delivered to Columbia during any given month? Is the sales volume per books the gas supplied to customers or the gas billed to customers during the same month? Explain how the proposed method produces a proper match of sales and purchases for computing monthly over and under recoveries.

Done at Frankfort, Kentucky this, 9th day of March, 1984.
